Zoom: First Time User's Guide

CHOOSEMATHS Mentoring uses a program called Zoom to run the fortnightly 'live' mentoring sessions. Zoom is a useful resource with video, audio, messaging, screen sharing, annotating and whiteboard capacities. Each mentoring circle will be allocated a Zoom 'meeting room' where you will be able to talk with the others in your circle.

This document will take you through how to use Zoom and introduce you to the features you need to take part in CHOOSEMATHS Mentoring.

GETTING STARTED

- ☞ At the time of your mentoring session, click on the Zoom meeting room link.
- ☞ You will be directed to the Zoom meeting launch page. **Click on download & run Zoom.**
- ☞ If you prefer not to download the Zoom app onto your computer, or are having issues running Zoom, you can also join the meeting directly from your browser by clicking on **Join from your browser.**
