

# CHOOSE MATHS

AN ANNUAL RECRUITMENT PROJECT

I  
AM  
MORE  
THAN  
A  
NUMBER

I always had aspirations of going to art school, as it turns out, my creative side and strength in design helped me to succeed in programming content.

Nowadays I use my knowledge to empower young girls around the country to pursue a career in coding. There is not just for girls and now more than ever, we need to arm our kids with digital literacy, mathematics and coding skills for the future.

My name is

**ALLY  
WATSON**

and that's why I **CHOOSE MATHS** because it's **MORE THAN JUST NUMBERS**. It enables me to combine my love of art, design and technology to inspire the next generation of female coders.

AMSI is a not-for-profit organisation that provides a range of services to support the Australian mathematics education community. For more information, visit [amsi.org.au](http://amsi.org.au).
