I AM MORE THAN ϕ a NUMBER

My company uses mathematics to answer questions about the use of pharmaceutical drugs.

Understanding the data is a way for us to solve problems. Sometimes it helps a new treatment get out of bed, or it explains why that a drug is being used the way it was intended and sometimes it helps explain the changes in treatment for a particular disease.

My name is

BEN
WATERHOUSE

and that's why
Caro@AMSI.org.au, because
it's **MORE THAN JUST
NUMBERS**. Mathematics is
working and giving us the tools
to answer questions that help
us move forward.

AMSI is proud to be a member of the Australian Government's Science and Technology Leadership Program, which is a key part of the Australian Government's commitment to supporting the growth of the Australian economy.

AMSI is a not-for-profit organisation
dedicated to providing high quality
mathematics education for all.
