I AM MORE THAN A

a

NUMBER

My company uses data every day to answer questions about the use of pharmaceutical drugs.

Interpreting the data is a way for us to solve problems. Sometimes it helps a new treatment get launched, or it assures us that a drug is being used the way it was intended and sometimes it helps explain the changes in treatment for a particular disease.

My name is

BEN WATERHOUSE

and that's why I **CHOOSEMATHS**, because it's **MORE THAN JUST NUMBERS**, it structures our thinking and gives us the tools to answer questions that help us move forward.

BEN WATERHOUSE IS THE OWNER OF THE SUCCESSFUL COMPANY MODEL SOLUTIONS WHICH USES DATA TO ANALYSE INFORMATION ON PHARMACEUTICAL DRUG USE IN AUSTRALIA.

CHOOSEMATHS is a joint initiative of the Australian Mathematical Sciences Institute (AMSI) and the BHP Billiton Foundation
