

YOU NEED MATHS & STATISTICS SKILLS FOR A LOT OF THE QUESTIONS WE ARE TRYING TO ANSWER IN MARINE SCIENCE. IT IS A CONSTANT PROCESS OF LEARNING NEW SKILLS, TECHNIQUES & IDEAS.

- Dr Peter Swain

MATHS TO MARINE RESERVES

MATHS TAKES YOU PLACES...

TASMANIA

Many of Australia's Commonwealth Marine Protected Areas sit within the sea to ecological reserves, and counting to twenty of Tasmania's (CMA) PhD graduate Dr Peter Swain and his colleagues from The Marine Observatory.

Peter PhD research focused on marine spatial conservation under the eyes of Tasmania's Marine Reserve. Peter is now helping state governments of marine biodiversity that are being used in science and management worldwide.

The CSIRO-UTAS PhD Program in Quantitative Marine Science (2015) is offered through the University of Tasmania's specialist Institute for Marine and Antarctic Studies and CSIRO Marine and Atmospheric Research.
